Detaljer:

This exclusive, new finca-project will be constructed on an approx. 14.200 sqm plot of land in Santanyi. Planned is the construction of a luxurious country house combining elegance and comfort. Thanks to its privileged location diverse bathing beaches, restaurants, and the lively village of Santanyi are only a short drive away.

During its construction only the highest-quality materials will be used, and planned is a contemporary finca with approx. 260 sqm of living area assuring ample space for family and friends. A tasteful combination of light natural tones, and materials including natural-stone and wood will bestow a tasteful and warm ambience.

Upon entering on the ground floor a beautiful patio is accessed, leading to an openly-designed living/dining area with adjoining kitchen, with an open fireplace providing a cosy ambience and pleasant temperatures even on cooler winter days. From here there is direct access to an inviting terrace. Also on this level are 2 bedrooms each with en-suite bathroom,, a guest WC, and a utility room.

A staircase leads to the upper level with the large master suite with dressing area, en-suite bathroom, and a private terrace which invites for relaxing moments offering wonderful, sweeping panoramic views.

In the exterior area typical Mallorcan plants are foreseen, and here the sun terrace surrounding the pool invites to relax and enjoy refreshing dips during the warmer months. A real oasis of well-being.

Air conditioning and underfloor heating make this exclusive finca ideal for occupation all year round. Further features include a garage, high-quality electric appliances, and a storage room.
