Detaljer:

This lovely finca consists of 2 separate buildings with a total area of 320 sqm which are connected by an open courtyard.

The 2-storey main building has been extensively core-renovated and fitted with underfloor heating and a heat pump.

Distributed over the ground floor is a spacious living/dining area with an open kitchen with utility room, one of 3 bedrooms and a bathroom.

On the first floor there are 2 additional bedrooms, each with en-suite bathroom.

At the rear the main building is connected to a further building via a modern courtyard. The roof of that building has been recently renewed, but otherwise the new owner can design the rear building according his requirements, for example as an office and/or a large fitness room.

The finca stands on a plot with an area of 37,000 sqm, completely surrounded by a Mallorcan-style natural-stone wall and with easy access to the house.

Due to the sloping plot of land the property provides unobstructed panoramic views of the entire town of Manacor as far as the Tramuntana and the Levante.
