Detaljer:

Standing on an approx. 24.000 sqm plot close to the natural protected area of Es Trenc, this traditional, natural-stone finca is in need of renovation. An approved project for the restoration already exists, and includes the building of a pool. Due to its privileged location the property offers wonderful views over the surrounding Mediterranean landscape and the salt flats of Ses Salines. The enchanting natural sandy beach of Es Trenc with its turquoise-blue water and sand dunes is only a few minutes away.

The finca has a total living space of approx. 200 sqm, spread over 2 levels, and presently distributed over a large living/dining area with open kitchen, 4 bedrooms, and 3 bathrooms. This property offers the unique chance to create an enchanting jewel of a property, using materials and design to suit your own taste and requirements, in a wonderful, unique location.

In the exterior area of the finca a lovely veranda will be built inviting to convivial get-togethers, and the garden could be transformed into a real oasis. A valid licence to build a pool also exists.

If required we will be very pleased to assist in the choice of a suitable constructor and architect.
