Detaljer:

This enchanting property stands on a plot of approx. 10.500 sqm in Es Llombards, and has been tastefully renovated whilst paying great attention to details. The main house has a total of 4 bedrooms with 4 bathrooms. During renovation its Mallorcan character and traditional elements including wood and natural-stone were preserved and combined with modern design. The stylish, high-quality furnishings were carefully chosen, together creating a real jewel where a high level of comfort was of the highest importance!

In the main house an inviting entrance area with high ceilings leads into the cosy, open living/dining area with fireplace, with natural-stone walls in the dining area and light natural colours creating a special, warm ambience. The adjacent, fully-equipped kitchen with cooking island presents lovely views of the garden. From a terrace on the upper floor wonderful sweeping views over the Mediterranean landscape can be enjoyed.

In the garden there is a separate casita (cottage) with a guest-apartment with bedroom and en-suite bathroom offering absolute privacy and direct access to the sun terrace and pool.

The Mediterranean garden presents a green, tranquil and beautiful oasis with typical Mallorcan trees and flowers, including cypresses, fig, olive, and pomegranate trees, all fitting in perfectly with the surroundings. An approx. 14,4 x 4,2 m infinity pool invites to relax with refreshing dips during the hotter summer months. An adjoining barbecue zone with diverse seating possibilities presents an harmonious balance between communal areas and places of peaceful refuge.

Further features include air conditioning, underfloor heating, and a garage, making this exceptional property perfect both as a holiday domicile or a permanent home where Mallorca can be enjoyed all year round!
