Detaljer:

Just a few moments away from Costa de los Pinos, a retreat opens up that feels more like a quiet place of longing than a classic finca. The proximity to four renowned golf courses - Pula, Son Servera, Canyamel and Capdepera - makes this property an ideal place for those who love the game and value peace and quiet at the same time. Surrounded by unspoilt countryside, the property offers a sense of security: a well-kept outdoor area, a private pool and plenty of space to leave the hustle and bustle of everyday life behind. Best of all - the finca has already been fully legalized!

In addition to the living room, the finca has two bedrooms and two bathrooms, a kitchen and pantry as well as a separate garage - compact, pleasantly organized and suitable for everyday use. The fully equipped kitchen with all appliances and a well-structured pantry allow for relaxed cooking. Built-in cupboards in the rooms ensure order and clear lines. Infrared heating, a wood-burning stove in the living area and air conditioning units in the bedrooms provide reliable support throughout the seasons. Teak Persianas give the house a special touch. The light-flooded conservatory forms the emotional center - a room that can be opened up and literally brings the summer inside.

This finca is a place where you can take a deep breath. Where comfort is not loud, but accompanies you in silence - and where the landscape sets the pace.

A roof terrace with sea views, its own well and mains electricity complete the overall picture.

If you are looking for a place that combines stability and nature, you may find your new chapter here.
