Detaljer:

This newly built townhouse is located in the heart of the charming village of Génova, just a 5-minute drive from Palma, and combines modern living with a Mediterranean lifestyle.

The approx. 170 sqm of living space impress with an open-plan layout and a seamless transition between indoor and outdoor areas. Floor-to-ceiling K-Line sliding doors, which fully retract into the walls, create a light and airy living atmosphere. The gourmet kitchen is equipped with high-quality Siemens appliances and an elegant Bora cooktop extractor.

The three-level townhouse offers 2 bedrooms and 3 bathrooms. One bedroom is located on the first floor, while the second is a flexible, air-conditioned space in the basement with an en-suite bathroom, ideal as a guest room, home office, studio or private gym.

An absolute highlight is the approx. 55 sqm thermally treated wooden roof terrace, offering a 360-degree panoramic view over the Bay of Palma, the sea and the surrounding mountains – a truly exceptional place to relax and enjoy. The outdoor areas are complemented by a private saltwater pool, harmoniously integrated into the ground-floor terrace.

A fireplace in the living area adds warmth and ambiance, while a private parking space directly in front of the property ensures everyday convenience.

Sustainable features such as a highly efficient aerothermal system, breathable Ytong walls, and MicroQuarz® A+ certified flooring underline the contemporary and forward-looking character of this property.
