### Detaljer:

This enchanting town-house is being built on an approx.196 sqm plot close to the centre of Santanyi using only the highest-quality materials. Completion is foreseen for October 2022. Its focus is on a bright and open space design, and modern design is combined with natural materials including stone and wood.

On the ground floor is a stylish entrance area which leads into the spacious and open living/dining area with an open fitted kitchen. A large glass frontage connects the living area with a patio and floods the rooms with natural light. Also on this level is a guest WC and the garage.

On the first floor, which can be accessed via stairs or with a convenient lift, there are 3 large double bedrooms and 2 modern bathrooms, one of which is en suite.

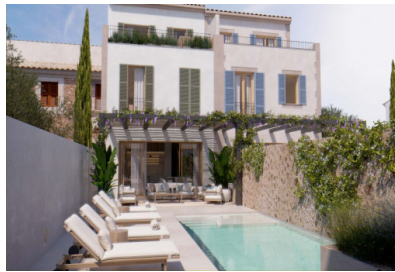

Housed on the 2nd floor is the master suite which has a separate dressing area and bathroom en suite, and an absolute highlight is the large terrace with private jacuzzi. The chill-out zone provides the perfect place to relax and enjoy the views of the church of Santanyi.

A large patio impresses with its sun terrace and adjoining pool, and to the rear is a separate terrace with bbq zone.

A further feature of this very high-quality property is underfloor heating.
