Detaljer:

In the sought-after residential area of San Agustín, just a few minutes from Palma's city centre and the Cala Nova marina, this exclusive new-build development with resort-style flair is taking shape, comprising only five luxurious residential units – two spacious garden apartments with private gardens and three elegant duplex penthouses with private rooftop terraces and breathtaking sea views. An ideal choice for those seeking privacy, style and the highest level of living comfort close to the sea.

Set within a tropical garden landscape and boasting stunning views of the Mediterranean, the project combines Mediterranean lightness with timeless elegance. High-quality natural materials such as stone and wood, bespoke designer kitchens, floor-to-ceiling sliding doors and exquisite marble floors create a refined living atmosphere that perfectly balances tranquillity and luxury.

The duplex penthouse offered here impresses with a living area of 191 sqm, an open-plan living and dining area with gas fireplace, three bedrooms, three bathrooms (two en suite) and a guest WC. The terrace on the living level (16 sqm) seamlessly extends the interior living space outdoors, while the private rooftop terrace of 66 sqm offers spectacular 180° panoramic views of the sea and the surrounding hills – ideal for stylish evenings under the open sky.

A private lift takes you directly from the underground garage (two parking spaces and a storage room included) into your penthouse, ensuring maximum comfort and discretion.

Underfloor heating, central air conditioning via an air-source heat pump, smart home technology, a communal swimming pool with spacious sun terrace, lush landscaped gardens and a fully equipped, air-conditioned fitness room complete this exceptional offering.

Completion is scheduled for the end of 2027.
