Läge & omgivningar:

Not far from the city of Palma is the high plateau (138 metres altitude) of Xorrigo y Son Gual, famous for its rocky gorges and rare plants.

The manor of Son Gual dates from the Moorish occupation and is situated in the middle of the golf course, which has existed for 2 years. Originally, vines, olive trees, carob beans and cereal were grown on the estate.

The area has not yet been completely developed but is only a few minutes drive from Palma on the new highway.
